Two Forest Fires
In Rowan County
During OctoberOnly Three Occurred In Red
River District Since
May

On Monday, October 11th, the record of no forest fires in the Red River District since last May was badly shattered by the occurrence of three fires, two of which were in Rowan County.

One of these fires was started near the McKinzie school and an-

other on Rameys Creek. Chester Christy and Billy McKinzie were named as suspects and the case was continued by Judge Parker until the first Saturday in November. The third fire was near the head of Ratliff Branch in Menfies County, and Raymond Cull was fined ten dollars and costs, on a plea of guilty to violation of the state fire law requiring brush burners to keep their fires under control.

On October 13th, another forest fire got started near the mouth of Lambert Branch of Christy Creek. Mrs. Ella B. Fraley said the fire was quickly raised across the ridge and the fire spread to the hillside and into the woods threatening National Forest land. Mrs. Fraley was fined \$10.00 in County Court last Saturday.

The fire on Lambert Branch was extinguished by prompt action of several of the local Boy Scouts

3-PURPOSE MEDICINE Hits
HEAD COLD
Misery Fast!

If you are suffering with discomforts of a head cold, enjoy the grand relief that comes when you use Vicks Vapo-Rol. 3-purpose Vapo-Rol is so effective because it does three important things. It (1) shrinks swollen membranes, (2) soothes irritation, (3) helps clear congested nasal passages. And so brings wonderful relief! ... And remember, Vapo-Rol helps to prevent many colds, develops coping. Follow directions in folder.

VICKS VAPOROL

"Athlete's Foot"

I Made This Test

I learned the germ imbeds itself deeply. Requires a strong penetrating fungicide. TE-OL solution made with 90% alcohol increases penetration. Reaches more germs faster. You feel it take hold. Get the test size TE-OL at any drug store. Try it for twenty. Smelly or itchy feet. Today at C. Bishop Drug Company.

who are organized as a branch of Civilian Defense known as the Forest Fire Fighters Service. The following local boys must: Jimmie Williams, Charles Thompson, Jimmie Leach, Hendrix Barker, Billy Litton, Marvin Mayhall, Don Batson, Billy Robertson, Sonny Allen, and Alvin Jr. Martin. The National Forest and the County property owners are very much indebted to these boys who volunteered their services.

Prompt investigation by U. S. Forest Officers resulted in determining the individuals responsible for three of these fires.

Recent prolonged drought has resulted in an extremely dry condition of leaf-litter, stumps, and down timber in the woods, so that the least spark would start a fire. In order to avoid such unnecessary losses of time and property, citizens are asked to burn their brush and trash only in the late evening of a still, damp day, and parents are requested to see that their children do not carry matches. This is war time and "First Fires Delay Victory".

On October 20th a small forest fire took place on the farm belonging to Lily Stone, north of Triplett. Bill Burke at Hickory Flats fire tower spotted the smoke and the location of the fire, and telephoned the Ranger's office. Ranger Stoller and Kenneth Pomeroy of the Forest Service, started for the fire picking up Harold Plank and Miri Hamilton at Jate Plank's sawmill. They arrived at the fire in the time to meet Bill Drake and Robert Cooper coming in with additional help. A line was quickly raised across the ridge and the fire was confined to seven acres.

Had it not been for the prompt action by the Forest Service and local residents, the fire would have spread out until a shower of rain occurred 24 hours later. Considering the dry condition of the woods, many acres would have burned over with damage to timber and young growth. Investigation by Ranger Stoller disclosed that Arthur Little and his younger brother were gathering wood near where the fire started, and Arthur assumed responsibility for starting the fire by carelessly throwing down a cigarette butt. He was fined \$10.00 and costs by County Judge Dan Parker.

KARL M. STOLLER
District Forest Ranger

More than 30% of Morehead County residents who are commissioned officers—good average for a school without ROTC or military training of any sort.

At A GlanceProcessed Foods, Jams and Jellies
Blue stamps X, Y and Z in Book 2 good through Nov. 20. Green stamps A and B in Book 4 good Nov. 1 through Dec. 30.Meats, Cheese, Butter, Fat, Canned Milk
Brown stamps C, D, E and F in Book 3 expired at midnight Oct. 30. G good now: H, Oct. 31; J, Nov. 7; K, Nov. 14; all expire Dec. 31.

Sugar

Stamp 14 in Book 1 expired at midnight Nov. 1. Stamps 15 and 16, good for 3 pounds of cane sugar each, expired at midnight October 31. Stamp 29 in Book 4 good for 3 pounds Nov. 1 through Jan. 15, 1944.

Shoes

Stamp 18 in Book 1 good for 1 pair Nov. 1 through Nov. 1. "Airplane" stamp in Book 3 good for 1 pair Nov. 1 until further notice.

Gasoline

Stamp A-3 good for 3 gallons through Nov. 21. B and C good for 2 gallons until used. Where requirements are affected by reduction from 3 to 2 gallons, fill out new supplemental form R-335 and mail to board when you do not have enough gas to last for 30 days.

Tires

Next inspection due: A book vehicles by March 31, 1944; B's by October 31; C's by November 30; commercial vehicles every 6 months or every 5,000 miles, whichever ever is first.

Fuel Oil

Period 1 coupon for new season good for 10 gallons in all zones through Jan. 3, 1944. All change making coupons and reserve coupons are now good.

Stoves

Certificates to purchase most heating and cooking stoves that burn coal, wood, oil or gas must now be obtained from local board.

Approximately 20 pounds of wood pulp goes into the manufacture of the propellant charge for the Army Ordnance 155-mm. ("Long Tom") gun.

Public To Be Given
30 Days Notice On
Shoe Stamp No. 18Assurance Given To Spike
Runners About Sudden
Termination Date

Should it ever become necessary to terminate Shoe Stamp No. 18, the public will be given 30 days' notice, General Manager Chester Bowles of the Office of Price Administration said this week.

Mr. Bowles' statement was made to refute unfounded scare-buying rumors that the validity period of Stamp 18 might be cancelled with only 24 hours' notice to consumers.

Last month OPA announced that stamp No. 18 would not expire October 31 as originally scheduled, but that the validity period of this shoe stamp and of Airplane Stamp 1 in War Ration Book Three—which becomes valid on November 1—will overlap. At that time, OPA gave assurance that if it should become necessary to terminate these stamps at some future date, no such action would be taken without adequate notice to consumers and dealers.

Fast spreading rumors, many of them inspired, about the sudden termination of Stamp 18, "make necessary a definite statement of what is meant by 'adequate notice,'" Mr. Bowles said. "Adequate notice in this case means 30 days' notice. (And I might add, we have no intention of giving that notice now.)

"Our only reason for ever terminating the validity period of shoe stamps would be the problem of counterfeiting. We have found 8 counterfeit stamps in a few isolated instances and are tracing them to their source for proper action. However, if any quantity of counterfeit stamps ever got into circulation, it might be necessary to invalidate all Stamp 18 before shoe stocks are depleted. The new shoe stamps on safety paper should preclude any such possibility."

"Of course our greatest battle against counterfeiting would be won if there was no illegal use of

Battons's Pharmacy

loose stamps. In telling the public and the dealers why loose stamps are invalid for over-the-counter sales, we hope they will realize it's their greatest protection against counterfeiting. Understanding such facts as these should stimulate confidence to a point where it serves as its own enforcement.

The purpose of rationing is to spread the limited supply. If people will spend their stamps for shoes when and if they need them, they can be confident that there will be enough shoes on their dealers' shelves to meet all their demands.

People With Extra Shoe Requirements Get Consideration

Additional Footwear May Be Obtained Under Certain Specific Conditions

Children who wear out or grow their shoes at a particularly fast rate and adults with extra shoe requirements need not suffer hardship because of the longer

months) previously announced by the Office of Price Administration that agency said today.

OPA pointed out that the shoe rationing program recognizes the great difference in individual shoe needs. Ration stamps are transferable among family members living in the same household so that the stamps can be shared according to need. There is also a provision by which growing children, industrial workers, and others who need additional shoes may get special shoe stamps if they would suffer hardship by being limited to the regular family stamp allowance. The procedure

for getting these special shoe stamps is simple:

1. If a child or adult needs shoes and the family quota of regular ration stamps has been spent, he may get an application form for special shoe stamp from his local rationing board. This application may be obtained from the board on written request and can be mailed back to the board when it is filled out. The form is simple. It requires a minimum of information about shoes needed and shoes owned so that in most cases the boards can act promptly.
2. Local boards may grant the special shoe stamp to an applicant

if he has less than two pairs of wearable shoes that will fill his need. Types of shoes for which these stamps may be issued include children's shoes, special work shoes, adult's shoes for general wear, and, in a few cases, shoes required for health reasons. Since extra rations must be limited strictly to wartime needs, no special shoe stamps will be granted to persons who want to buy shoes merely for such reasons as style or personal appearance.

The Naval Training School (Electrical) located at Morehead State Teachers college, is primarily a service school for training electricians, but also has trained men of the merchant's branch of the Navy; and cooks and bakers, and in addition, has served as an indoctrination school for supply officers.

During the first World War, it took an average of 17,000 rounds of anti-aircraft fire to hit, but not to bring down a plane. Statistics from Guadalcanal have shown that, firing with Army Ordnance's improved 90-mm. gun and its fire

control equipment at more than 25,000 feet, it averaged but 50 rounds per plane to bring down a Zero.

Morehead Man Felt Like Swollen Balloon; Full of Stomach Gas

Recently a Morehead man stated that he used to feel like a swollen balloon after every meal. He would bloat full of gas and spit up acidulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise ERB-HELP. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man. ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. C. E. Bishop Drug Co.

From where I sit...

by Joe Marshall

The other day we were talking about George Washington—who besides being a great general was a surveyor, a farmer, and a wise statesman. "And he made mighty good beer too," says Grandma Hoskins. "His privateer's ship in the New York Public Library."

When the dark years of Prohibition came along, they forgot how right those early American statesmen were—that no law ever takes the place of moderation. They were right about a lot of things—Washington and Adams and Penn—and the others who founded America. And from where I sit they were certainly right about moderation too.

Joe Marshall
